Toll Free 1-800-327-7257

www.jmcinstruments.com

High Performance Ball Valves •
Control Valves • Diverter Valves •
Limit Switches • Electric &
Pneumatic Positioners

MARPAC Valves For Severe
Service • Ball Valves • Diaphragm
Valves • Pneumatic Actuators •
Electric Actuators • Electro-Hydraulic
Actuators

Compression Tube Fittings •
Precision Pipe Fittings •
Intermixable & Interchangeable
with Leading Manufacturers

Sensors & Measurement Control
Devices for Flow • Temperature •
Level • Humidity • Pressure •
Gas • Moisture

Differential Pressure Gauges •
Switches & Flow Indicators 2-1/2" -
6" Sizes • Aluminum, 316SS,
Brass, PVC

Armored and Magnetic Level
Gauges • Eductors • Sight Flow
Indicators • Ultra-sonic Level Switch-
es • Level Transmitters

Pressure Gauges • Thermometers •
Pressure Transmitters • Pressure
Switches • Diaphragm Seals • Oth-
er Accessories

Pressure Gauges • Industrial &
Bimetal Thermometers • Recorders •
Thermowells • Isolation Seals •
Remote Thermometers

Raceway & Channel Track •
Instrument Stands • Condensate
Pots • Instrumentation Installation
Hardware

McDaniel Controls

Liquid Fillable Pressure Gauges •
Quality Construction in All-
Stainless and Brass Ranges from
1.6" of H₂O - 60,000 PSI

Pre-Insulated Tubing • Steam
Traced Tubing • Electric Traced
Tubing

High Quality Test Gauges for High
Vibration & Pulsation • High
Pressure Regulators

EUSTIS

Thermocouples • Electric heaters •
RTD Assemblies • Thermocouple
Wire

Transmitters • Controllers •
Recorders • Instrumentation &
Wedge Meters • Control Solutions •
Magnetic Flowmeters

Low Pressure D/P Gauges &
Switches • Rotometers •
Pressure Transmitters • Flow &
Level Switches • Control Valves

Instrument boxes • Enclosures
designed to ensure safe operation
and provide freeze protection for
sensitive field-mounted instruments.

Demco/WKM • Resilient Seated & High Performance Butterfly Valves • Electric & Pneumatic Actuators

Pressure Regulators • Control Valves • Pneumatic & Electric Controllers

Sensors • Transmitters • Switches • Flowmeters

SteamPak—pre-engineered & pre-configured boiler controller packages • SLC RetroPak—replacement for obsolete Bailey SLC & CLC controllers

Inline and Insertion Probe Flowmeters • Flow Switches • Electronic Flow Converters • Displays • Transmitters

Pressure & Temperature Switches • Explosion-Proof & Weather Proof Thermocouples • RTD's

Digital Panel Meters • Digital Field Meters • Loop Powered Meters • Large Display Process & Temperature Meters

Tracking, Powered, and Pivot Mount Gangways • Tank Car Fall Protection • Custom Safety Cages • Loading Arms • Loading Racks

3-piece ball valves • flanged globe/gate/check valves • fire-safe, cryogenic, chlorine, and sanitary valves • pneumatic and electric actuators

Thermowells—Flanged • Threaded • Brass • Stainless Steel • Monel • Hastelloy-C • Other High Alloy Materials • Orifice Plates

Meritape Sensors • Pump Controller Packages • Ultrasonic Level Sensors • Pressure Transmitters

Chemical Resistant PTFE & PFA Hose • Sight Gauges • Composite Ball & Butterfly Valves • Ceramic Lines Ball Valves

Steam Traps • Boiler Controls • Flowmeters • Control Valves • Condensate Pumps • Strainers • Regulators • Humidifiers

Diaphragm Seals • Pressures to 5000 psig • 316SS • Monel • Hastelloy C

Floating Ball and Trunnion Ball Valves • Cast Steel and Alloy • Threaded • Socket Weld • Flanged

Your Best Source for Process Instrumentation, Valves & Control System Automation Products

JMC SERVICE CENTER

Valve Automation, Valve Repair and Reconditioning, Pressure and Temperature Instruments, NIST Certification, Calibration, Gauge & Recorder Specialists
Service work performed at your location or in our service center.
