Calibration

## Valves and Actuators

High Performance Ball Valves • Control Valves • Diverter Valves Limit Switches • Electric & Pneumatic Actuators &

Non Lubricated Plug and Butterfly Valves • Lined Plug and Butterfly Valves • Fugitive Emissions • Fire Safe • Class IV Shut Off

Butterfly Valves • Knife Gate Valves • Plug Valves • Check Valves • Actuation

Corrosive Applications: All PTFE or PFA Products • Pureflex Composite Ball • Butterfly Valves

Automax Actuators

Instrument Valves • Needle Valves • Low E Valves

## Instrumentation

Differential Pressure Gauges • Switches & Flow Indicators 2-1/2" to 6" Sizes • Aluminum, 316SS, Brass

Liquid and Magnetic Level Gages Guided Wave Radar • Bridals Tubular Gage • Level Switches • Steam Boiler Gages

Water Chemistry Analyzers • Sodium • Copper Ammonia • Silica Chlorine Analyzer

Dew Point Transmitters • Oxygen Analyzers • Chilled Mirrors Process Analyzers • Portable Hygrometers • H2S Analyzers

Pressure Gauges • Industrial Bimetal Thermometers Diaphragm Seals • Remote Thermometers • Transducers Transmitters • Switches

Compression Tube Fittings • Instrument Pipe and Weld Fittings • Hastelloy Fittings and Tubing

D/P Gauges • Switches • Flow Meters • Pressure Transmitters Flow & Level Switches • Control Valves • Air Quality Instruments

Rheonik Manufacturers the World's  
Largest Range of Coriolis Meters  
Patented Omega Shaped Design

Pre-Insulated Tubing • Steam Traced  
Tubing • Electric Traced Tubing

Eustis PyroCom

Thermocouples • Thermowells  
Temperature Switches • RTD's  
Connection Heads and Terminal Blocks

Flame Detectors • IR3, Multi IR & UVIR  
Detectors • Open Path Gas Detectors  
Detection & Suppression Systems

Thermal Mass Flow Meters • Insertion  
and Inline Meters

Pressure Gauges • Thermometers  
Pressure Transmitters • Pressure Switches  
Diaphragm Seals

McDaniel Controls

Liquid Fillable Pressure Gauges  
Quality Construction in All-Stainless and  
Brass Ranges from 1.6" of H2O - 60,000  
PSI

High Quality Test Gauges for High  
Vibration & Pulsation

Pressure Temperature Level and Flow  
Switches • Pressure Relief Valves  
Pressure Regulators

Instrument Enclosures Designed to Ensure  
Safe Operation and Provide Freeze  
Protection for Field-Mounted Instruments

Sensors • Transmitters • Switches  
Mechanical Flow meters • Non-Invasive  
Flow Meters

Raceway & Channel Track  
Instrument Stands • Condensate Pots  
Instrumentation Installation Hardware

Diaphragm Seals • Pressures to  
5000 psig • 316SS • Monel •  
Hastelloy C

Steam Traps • Boiler Controls  
Flowmeters • Control Valves  
Condensate Pumps • Strainers

Fluke Calibrations • On-Site Gauge Calibrations • Valve Automation Pneumatic and Electric Actuators • Valve and Actuator Repair • Pressure Temperature Level and Flow Calibrations • O2 Valve Cleaning • Dead Weight Tester Calibrations • NIST Certifications •
